Back then...

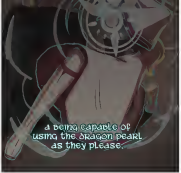

a being capable of
using the dragon pearl
as they please.

...but she doesn't need
to know that.

There is
no need to be
concerned.

It comes with
more benefits.

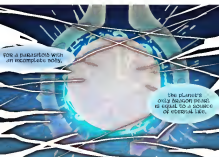

rather, it's better
if she doesn't know
anything at all.

Learn to live on
something that has
already happened.

Dragons and
parasitoids...

They're not
things I can take care
of with human laws.

In that case...

ONE YEAR.

*After one year,
Kazuo will mature
and then*

*take flight
from this planet
with the dragon
pearl, right?*

yes. that was
our request.

if the architect's
signature was this,

I will never let him have it.

No matter what...!!

There's been a
lot of change in
the scenery.

But our objective
remains the same.

perhaps it was a
good experience,
now that she's
toughened up a little.

there's one thing
I'm worried about.

as long as his eyes are
red, he will develop
emotions and humanity
will start taking over.

i don't know how
things will turn out,

but the season
must leave.

away from
this planet and
this world.

that is our
contract.
